Re: Small Victories, 400 Dorchester Street South Boston, MA 02127

Dear Chair Joyce & Members of the Board,

I write with conditional support for the proposed entertainment license being proposed for Small Victories, 400 Dorchester Street in South Boston. The Andrew Square Civic Association supports the establishment as one that will add value and an amenity to the square they have been searching for.

While the entertainment license proposal includes several elements that I support, concerns have been raised about a 2:00 AM disc jockey license being granted from the outset.

The board may consider moving cautiously up front by approving an earlier time limit for the disc jockey license at the outset and with time and good results, the hours could be revisited.

Thank you for your consideration in this matter.

Sincerely,

A handwritten signature in blue ink that reads "Nick Collins".
