

THE SOUTH END IS A 100% SPACE SAVER-FREE ZONE

Hey, Person Who
Left A Lawn Chair
In The Street:
it was removed.
Because we don't
do "dibs" here.

Any space saver found on a South End street may be removed by neighborhood residents or by calling the **Mayor's Hotline (617-635-4500)** to have Public Works remove it. Space savers will also be removed by the city's trash contractor during regular curbside pickups.

Our public streets are a shared resource for anyone with a resident parking sticker to use, even after a snow emergency. Once you vacate a spot, you can't claim it. Sure, you had to shovel out your car. It's part of living through winter in Boston. Why don't you help someone else shovel out too? And help to clear the curb cuts on the nearest corner, while you're at it. It's the neighborly thing to do.

What's the only
space saver you
can use to keep
your shoveled
South End street
parking spot
this winter?
Your car.

Any space saver found on a South End street may be removed by neighborhood residents or by calling the **Mayor's Hotline (617-635-4500)** to have Public Works remove it. Space savers will also be removed by the city's trash contractor during regular curbside pickups.

That's right. Your car. Any rickety chairs, traffic cones, milk crates and the like will be removed. Our public streets are a shared resource for anyone with a resident parking sticker to use, even after a snow emergency. Once you vacate a spot, you can't claim it. Sure, you had to shovel out your car. It's part of living through winter in Boston. Why don't you help someone else shovel out too?
